

On Medicare?

Know Your Rights!

If you are on Medicare, you have the right to:

1. Request Immediate Advocacy if you have an immediate concern.
2. Stay in the appropriate health care setting until it is medically safe to leave.
3. Receive good quality health care.

If you are asked to leave before you feel well enough or if you have a concern about your care, you may obtain a review of your case by KEPRO at no cost to you.

Call the Medicare Beneficiary Helpline at 1-844-430-9504, or visit www.keproqio.com.
